SLE Pen Portrait

Name: Shane Walsh

Current Position:

Mathematics Consultant: Leadership, Teaching & Learning, Shane Walsh Ltd

Visiting Lecturer in Mathematics Education, PGCE Secondary Mathematics, Birmingham City University

SLE Specialisms:

Since becoming a Specialist Leader of Education in 2012 I have supported leadership, teaching and learning in 22 schools, both primary and secondary, and I have worked with 114 teachers and I am currently working with 10 primary teachers on the Accelerate Programme.

Current Responsibilities:

My current areas of interest include developing students' conceptual understanding, the use of assessment within lessons to gauge student understanding along with exploring approaches to develop students' abilities to solve problems and to reason mathematically.

Leadership Experience:

Since becoming a Specialist Leader of Education in 2012 I have supported leadership, teaching and learning in 22 schools, both primary and secondary, and I have worked with 114 teachers and I am currently working with 10 primary teachers on the Accelerate Programme.

Leadership

Leadership support is particularly focused on:

- Attainment and achievement in year 11
- Developing teaching and learning approaches for the new GCSE specification
- Progress of key groups in all year groups (yrs7-11), including Pupil Premium
- Developing teaching and learning and joint planning in years 7 - 10
- Departmental CPD (planning and delivery)

- Attainment and achievement in year 6
- Developing teaching and learning approaches for the new primary curriculum
- Progress of key groups in all year groups (yrs1-6)
- Whole school mathematics CPD: reasoning and problem solving (planning and delivery)
